THE LAST WEEK OF THE HONDO MERCANTILE CO.'S FALL OPENING SALE!

As formerly announced, Saturday, October 10, will end our **FIRST GREAT SALE!**
We are certainly grateful for the liberal patronage that we have enjoyed so far during the SALE.
In order to demonstrate our appreciation to the many satisfied shoppers, we have instructed our Special Salesmen to go through our big Stock once more and re-arrange, re-group and re-mark all those items that will stand another cut in prices. For this reason our many friends and customers may look for many more price concessions during next week. Several new shipments of **FALL and WINTER GOODS** have arrived and are being marked at **SALE PRICES!**
Some lines in our Stock are to be discontinued and are being marked at a discount of 25 per cent, some 35 per cent and some even 50 per cent below the former selling prices.
On account of the "Anvil Herald" being short handed this week we are unable to give a list of the many extra special values offered for next week—but we ask every one to come to the store **EXPECTING** real genuine bargains and guarantee that there will be no **DISAPPOINTMENTS** on this account.

While riding a bicycle on the
Highway here in town Wednesday
evening, Clarence Wright, the four-
teen year old son of Dr. and Mrs.
Wright, was struck by an automobile.
The calf of his right leg was severely
cut and he received other painful
bruises about the body. The young
man was taken to the Hondo Hospi-
tal, and given surgical attention. He
is recovering as well as can be ex-
pected, but he will be laid up for
several days. The car was driven
by a lady tourist passing through
the city.

Every home should have a first
class family newspaper. That paper
is the Semi-Weekly Farm News of

TYPHOID FEVER AND METHODS OF PREVENTION.

From Texas State Board of Health.

There was a time when it was almost universally believed by the public that disease was a visitation of God upon an individual for some wrong doing, and that it was evil spirits in the body that caused physical suffering and pain. Believers in such false and erroneous ideas are still found in native tribes of Africa, South America, and other countries. In many of these tribes, the "medicine man," who is usually the shrewdest and oftentimes one of the oldest men in the village, is the ruling spirit of the ignorant inhabitants. His aid is invoked by the superstitious ones in driving out "devils" and evil spirits, and to their minds, he is endowed with supernatural powers.

All this mysticism concerning the cause of diseases has gradually given way to progress and education, and through the triumphs of sanitary science, we now know that there are natural causes for all sickness, and that while "evil spirits" do not enter the body, germs do, and that we get sick by disobeying the laws of Nature, and by disregarding the laws of cleanliness and sanitation.

TYPHOID FEVER A FILTH DISEASE.

The prevalence of typhoid fever is an excellent index to the sanitary condition of any community, as we now know that typhoid fever is a filth-borne disease communicated from one person to another by germs from the bowels of an infected person reaching the mouth of a well person. These germs may be distributed by means of drinking water, milk, raw foods, bathing in polluted streams and by flies, fingers, etc.

Every person who has typhoid fever has taken the typhoid fever germ which was discharged from the intestine or bladder of a typhoid fever patient or "carrier" into his body in one of these various ways.

WATER-BORNE: The discharge from the body of a typhoid-fever patient or "carrier" are oftentimes emptied on the ground or deposited in an insanitary closet, and when this is done, there is a probability of its gaining entrance into the drinking water supply in one of the following ways.

During a heavy rain, surface water may carry the filth from the place of deposit or from a badly located or constructed privy into a well or spring. This is easily possible when the surface drainage is from place of deposit toward the water supply, and when the top or wall of well is not so constructed as to prevent the entrance of surface water.

Where the distance between the place of deposit of typhoid fever discharges and the well or spring is not too great, the filth with the typhoid germ may percolate through the soil, thus reaching the stream of water from which well is supplied. This method of polluting the water supply is especially dangerous in districts having limestone soil.

FLIES: When these discharges are

(Continued on last page.) not disinfected and are exposed to flies, these flies walk over and through this filth, and with minute particles of it clinging to their hairy legs, they convey it with its accompaniment of germs, to dining room or kitchen, and deposit it on some article of food or drink. This mode of infection is especially dangerous where a number of homes are within radius of a fly's flight, and where any of these homes has an open-back, insanitary closet.

INFECTION BY CONTACT: Those who nurse typhoid fever patients frequently soil their hands with invisible amounts of this infectious filth, and by handling drink or food, convey the germs to others, or themselves. "Carriers" may infect those whose food they cook or handle, and are very dangerous to public health when employed in dairies, hotels and restaurants.

"HUMAN CARRIERS." It has been found through tests that approximately 4 per cent of convalescent patients are "carriers" of this disease. That is, that though free from typhoid themselves, continue to carry and discharge these germs from their kidneys and bowels. Any person recovering from typhoid fever should have a laboratory examination made of feces to ascertain whether or not he is a carrier. Upon request, the State Board of Health will make this examination for you free of charge.

PREVENTION OF TYPHOID. Typhoid fever is fast becoming primarily a disease of rural communities, this being due to the fact that the average farm home is provided with open-back, insanitary privy, to which flies have free access, and which in too many instances is located near well or other water supply.

A well should be at least 200 feet from closet and on higher ground, and top of well should be cemented down for at least 6 to 7 feet. Any well that becomes turbid or muddy after a rain is getting surface water.

STOP THAT ITCHING

If you suffer from any form of skin diseases such as Itch, Eczema, Tetter or Cracked Hands, Poison Oak, Ring Worm, Old Sores or Sores on Children. We will sell you a Jar of BLUE STAR REMEDY on a guarantee. It will not stain your clothing and has a pleasant odor.

SOLD BY W. H. WINDROW.

and this means that it is a dangerous water supply.

A sanitary privy is one of the cheapest and best insurances against typhoid fever. The pit privy is recommended for rural communities by the United States Public Health Service and your State Board of Health. The pit privy can be built at a cost of \$12 or less, and plans for building will be sent you free of cost by your State Health Department at Austin.

VACCINATION: Even proper sanitary conditions cannot eliminate entirely the danger of typhoid, but there is one sure immunity, and that is vaccination. Our experience during the War, when out of an army of four million, only a few hundred fatalities resulted, shows the value of vaccination as an immunity against this disease. Realizing the serious consequences to those who have this malady and the little trouble and expense that vaccination requires, it is advisable that every one should have this protection, with the exception of children under three or four years of age.

CAMPING TRIPS: It is very often the case that someone who has been on a camping trip, returns home and becomes ill with typhoid. This is due in a large measure to drinking water the quality of which they know nothing about.

It is wise when drinking water from promiscuous supplies, to first boil it to insure its safety. Campers should also use extreme precautions against flies.

MEDINA PROJECT SALE CONFIRMED BY U. S. COURT

The Medina Irrigation project was taken out of receivership Monday, when Judge Charles A. Boynton of Federal Court confirmed the sale of the property to trustees representing the bondholders of the irrigation companies of which Hugh R. Robertson is receiver.

The property, including about 47,000 acres, was purchased for \$4,050,000 at a public auction held by Robertson at Hondo on September 1.

The irrigation system of the project was purchased Monday by the Bexar-Medina-Atascosa Co.'s water improvement district for \$1,779,000 pending the confirmation of the sale of the property by Judge Boynton. The purchase price was part of the \$2,500,000 raised in the improvement district by a bond election. The rest of the money will be used to improve the system.

The five trustees representing the bondholders of the San Antonio Land and Irrigation Company and Medina Valley Irrigation Company, purchasers of the land, are Roy C. Osgood, James D. Armstrong, Charles W. McNear, L. Marguard Forster and George W. Morgan.—Tuesday Morning's Express.

DECKER—GRIFFIN

A very quiet wedding was solemnized at the ranch home of Mr. and Mrs. L. C. Decker on Tuesday morning, at 9:00 o'clock, when their daughter, Miss Lurene, who is being by a host of friends for her many admirable traits, became the bride of Mr. Floyd James Griffin of Hondo. Rev. Foster, pastor of the Hondo Methodist Church performing the ceremony.

Only the immediate family of the bride were present, the witnesses being Miss Clara Decker and Miss Lurene Bell.

The bride was attired in a beautiful ensemble of cuckoo brown shimmer Needlepoint, trimmed in white Fitch fur. All accessories were in tan and brown and a bouquet of bride's roses completed the handsome costume.

Mr. and Mrs. Griffin left immediately after the ceremony for Dallas, where Mr. Griffin resumes his duty of Pharmacy in the Baylor School of Medicine.

The Anvil Heald congratulates the bride in his choice of a help mate, and wishes for them both a life of happiness and prosperity.

ODD FELLOWS TO MEET.

An important meeting of Medina Lodge No. 867, I. O. O. F. will be held at the hall next Tuesday night. Matters of vital importance to the lodge of Oddfellowship in Hondo will be considered, and it is the duty of every member to be present on this occasion. Keep the date in mind—Tuesday, October 6th, 8 o'clock p. m. and be on hand.

Visiting brethren will be welcomed.

It is nature to advantage dressed, what oft was thought, but ne'er so well expressed.

—Pope.

Sunday morning, Mr. Manuel Poerner and family were taken by surprise when several cars drove up to the Poerner home near Devine with some of Mr. Poerner's many friends. All arrived with baskets filled with all kinds of good things to eat, such as several different kinds of meats, different kinds of salads, etc., all kinds of cakes and pies. A fine dinner and supper was served to all there. The afternoon and evening were spent in dancing, etc., until a late hour when all departed for their homes after having a grand time and wishing for another party at Mr. Poerner's home before long. Those who attended from D'Hanis were: Mr. and Mrs. Joe Weynand, Mr. and Mrs. Wm. Weynand and children, Mr. and Mrs. Paul Poerner and baby, Mr. and Mrs. Ed Weynand and children, Mr. and Mrs. Fred Durben and sons, Mr. and Mrs. P. M. Fur Coats Now Flare at Bottom

NORMA SHEARER

FOLLOWING the fashionable edict of the flared silhouette, the new fur coats are being cut in many ways that tighten the bodice and give a graceful flare to the skirt.

This charming coat of natural crimmer, which fur, by the way, takes its place among the smartest furs this season, is tight fitting at the waist, to flare out gracefully at the sides. A collar of white fox fur and a border of white fox on the side flares add additional chic. Worn by Norma Shearer, Metro-Goldwyn-Mayer star, whose next production is "The Tower of Lies."

QUIHI NOTES.

Annual Mission services will be held Sunday in Bethlehem Lutheran Church at Quihi. The visiting pastors will be Rev. Kralick of Castroville and Rev. Baetke of San Antonio. It is possible that the Lutheran Church choir of Castroville will be present and give several selections, in addition to selections by the Quihi Church Choir. Rev. Kralick will preach the sermon in the German service at 10 o'clock a. m. and Rev. Baetke an English sermon at 2:30 o'clock p. m. If possible a service will be held at night at 7:30 o'clock in which additional discourses on Missions and mission work will be held. A cordial invitation to these interesting services is extended to all.

Last Sunday the infant daughter of Mr. and Mrs. Wm. G. Poehler was baptised in the New Fountain Lutheran Church. The little lady received the name Delina Ida Minna and has as godfather and godmother Mr. and Mrs. Edward H. Moehring of Hondo. After the church service a number of invited guests repaired to the home of Mr. and Mrs. Poehler and enjoyed a splendid festive dinner and several hours of sociability.

The Quihi Luther League will give a very interesting program on Sunday night November 11th. In addition to several fine, new musical selections by the church choir, select readings will be had by Mrs. Albert Mumme, Misses Pauline Graff and

Bessie Hartmann and Mr. Milton Oefinger. A declamation by Miss Ella Neumann, musical selections by Mr. Arthur Grell and Misses Emma Brucks, Annie Schuehle and Frieda Saathoff and an interesting lecture on "The Passover" by the pastor.

The Controllable Beam on the Better Buick
 Night driving strain, the blind insecurity when you dim to keep glare out of the eyes of an approaching driver—both have been eliminated by the Controllable Beam Headlight, a feature of the Better Buick.
 Daytime visibility every inch of the way! Bright light all the time! A simple control on the steering wheel lowers the beam when you near another car.
 And this is only one of many 1926 improvements which Buick engineering has given to the Better Buick. 75 horsepower and more; Duotone in Duco finish; Triple Sealed Valve-in-Head engine; light-pedal-pressure clutch; approved mechanical 4-wheel brakes; and many other exclusive advancements now make the Better Buick the better car to own and drive.

Firestone
Double the Mileage at Half the Cost

Only a few years ago a 32 x 4 cord tire listed over \$50.00. Today, you can buy the highest quality 32 x 4 tire—a Firestone Gum-Dipped Cord—for about \$26.00.

Last spring crude rubber cost tire makers around 40 cents a pound. Today, it is over 90 cents a pound.

It was not so long ago that 7,500 miles represented the average life of a cord tire, while today, 15,000 miles—and more—is only the usual performance for a Firestone Gum-Dipped Cord.

Due to large, concentrated production, specialized machinery and simplified factory methods, together with economical distribution, Firestone is able to keep tire prices low—no matter where the price of crude rubber goes.

And, because of special Firestone processes, chief among which is Gum-Dipping, motorists are today getting thousands of extra miles by using Gum-Dipped Cords.

Gum-Dipping is an exclusive method used by Firestone. It is an extra process, carried out in special Gum-Dipping plants, after which the cords are put through the usual calendaring machines. Gum-Dipping insulates and impregnates every fiber of every cord with rubber, and practically eliminates internal friction and heat, and builds strength and endurance into the tire.

In the day-in and day-out service of taxicabs, buses and trucks—on the cars of hundreds of thousands of motorists everywhere—Gum-Dipped Cords are giving unheard-of mileage, dependability and satisfaction.

Get ready for the coming months of slippery pavements and bad roads. Assure yourself of greater safety, comfort and economy by equipping now with Firestone Full-Size Gum-Dipped Balloons.

SHERIFF'S SALE.

THE STATE OF TEXAS, County of Medina.

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Medina County, of the 21st day of September, 1925, by August Kempf, Clerk of said District Court for the sum of One Thousand Eighty-one and 46-100 Dollars and costs of suit, under a Judgment, in favor of Mrs. Sallie M. Gray in a certain cause in said Court, No. 1927, and styled Will Allen, Administrator of the Estate of A. P. Allen, Deceased, vs. Sallie M. Gray and, placed in my hands for service, I, J. F. Bader as Sheriff of Medina County, Texas, did on the 21st day of September, 1925, levy on certain Real Estate, situated in Medina County, Texas, described as follows, to-wit:

An undivided one-third (1-3) of 220 acres of land, more or less, said 220 acres of land being 125 acres out of survey No. 20, 85 acres out of survey No. 151 3-4 and 10 acres out of survey No. 464, aggregating 220 acres more or less, known as the A. P. Allen, Deceased, home place and is fully described by meets and bounds in the decree of the District Court in the above styled and numbered cause.

And levied upon as the property of Maud Harris, H. E. Harris and J. S. Allen and that on the first Tuesday in November, 1925, the same being the 3rd day of said month, at the Court House door, of Medina County, in the town of Hondo, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Maud Harris, H. E. Harris and J. S. Allen.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Hondo Anvil Herald, a newspaper published in Hondo, Medina County.

WITNESS My hand, this 21st day of September 1925.

CITATION BY PUBLICATION.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Medina County—GREETING: YOU ARE HEREBY COMMANDED, That by making Publication of this Citation in some newspaper published in the County of Medina, for four weeks previous to the return day hereof, you summon Erinda Mendosa, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Medina, at the Court House thereof, in Hondo, Texas on the 19th day of October, A. D. 1925, then and there to answer a Petition filed in said Court, on the 17th day of September, A. D. 1925, in a suit numbered on the docket of said Court No. 2081, wherein Ramon Mendosa is plaintiff and Erinda Mendosa is defendant. The nature of the plaintiffs demand being as follows, to-wit:

That on or about the 29th day of April, 1924, in New Braunfels, Texas, plaintiff was legally married to defendant then a single woman by the name of Erinda Suniga; that after said marriage plaintiff and defendant continued to live together as husband and wife until on or about the 6th. day of April 1925, when due to the misconduct and disloyalty of defendant, plaintiff then and there permanently separated from her with the fixed intention of never living with her again as husband and wife, and since which time they have never lived together as husband and wife. That during the time they lived together as aforesaid plaintiff was at all times true and loyal to defendant and at all times amply provided for her support and maintenance, but that defendant, unkindly of her marital vows, shortly before their said separation, began and pursued a course of conduct, which when discovered by plaintiff rendered their further living together as husband and wife insupportable, the premises considered.

That defendant is guilty of having committed acts of illicit carnal intercourse with one Simon Maldona, and of having committed the offense of adultery with said party; that said Simon Maldona made frequent secret visits to plaintiff's home in the town of Hondo, in the absence of plaintiff and while plaintiff was away earning a living for himself and defendant; that on said visits defendant would lock and bar the doors and windows of the house which constitute the home of plaintiff and defendant, with no one but herself and said Simon Maldona in the house; that said visits could be for no other than unlawful purpose; that upon being informed of said visits the plaintiff lay in watch and caught said Simon Maldona and defendant in his home on April 6th, 1925, that all doors and windows were locked and barred, and upon forcing an entrance plaintiff found said persons excited and other facts which indicated that the parties had been guilty of the illicit acts above complained of.

That upon such discovery defendant became enraged and left the place after having made no explanation nor excuse for the visit of said person.

That said acts constitute cruelty of the grossest nature and plaintiff has suffered greatly by reason thereof. That said marriage relations continues to exist.

That plaintiff and defendant have no children and no property. Wherefore, plaintiff prays the Court that defendant be cited to appear and answer this petition, and that upon final hearing plaintiff have judgment dissolving said marriage contract and relations now existing between plaintiff and defendant, for his costs of suit and such other relief general and special, in law and in equity to which he may be entitled.

HEREIN FAIL NOT. And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon showing how you have executed the same.

GIVEN UNDER My hand and seal of said Court, at office in Hondo this, the 17th day of September A. D. 1925.

Issued same day.

So Big

By EDNA FERBER

Upon her first view of a field of cabbages, Selina DeJong exclaimed, "How beautiful!"

The remark was long a standing joke, one of the few jokes of the stolid Dutch vegetable gardeners among whom she had come to live.

But it was an insight to the character and perception of this unusual woman, the chief figure in Edna Ferber's remarkable book.

The greatest story from the pen of Edna Ferber, a writer who has been voted unanimously, "the female O. Henry."
